

# Pullman Power Stick Vacuum

## Introducing the Pullman Power Stick Vacuum.

The lightweight, cordless Pullman Power Stick Vacuum is designed to take the effort out of cleaning.

Its multi-cyclone system ensures suction is never compromised, while a motorised power head efficiently picks up embedded debris.

Powered by a 21.6V lithium-ion battery, the Pullman Power Stick Vacuum gives you up to 45 minutes of runtime.

With a high-performance HEPA 12 filter that captures fine particles such as pollen and airborne viruses, the Pullman Power Stick Vacuum will leave you with a healthier and cleaner environment.

SPECIFICATIONS	
SKU	11500220
Model Number	SV00XV1
Motor	Brushed
Voltage	21.6V
Power Rating	170W   2000mAh
Battery	Lithium-ion
Vacuum	<8.0Kpa
Noise	80dBa
Dust Bin Capacity	400mL
Runtime (Low Mode)	Up to 45 minutes
Runtime (High Mode)	Up to 15 minutes
Charge Time	Up to 4 Hours
Bagless	Yes
Net Weight	2.25KG (1.2KG)
Filter	HEPA 12
Warranty	1 Year
