The filter is at the core of purifying your air and replacing it is essential for optimal air purifier performance.

Features and Benefits

- The dual-sided filters are comprised of a True HEPA filter with highly efficient Activated Carbon honeycomb granules.
- The Activated Carbon Filter captures volatile organic compounds (VOCs).
- For best results, replace the filter every 12 months depending on usage.
- A change indicator light is displayed on the air purifier when the filter needs to be replaced.
- Pack includes 2 filters. Compatible with the TruSens Z-7000 Performance Series Air Purifier.
