

CLASSIC PAD, PE BACKED, MAXI

The Classic Pad with PE Backing in Maxi size offers reliable protection against leaks and moisture for individuals dealing with incontinence issues. With its high-quality construction, this pad features a waterproof polyethylene (PE) backing that effectively prevents leaks from reaching surfaces beneath, such as mattresses or furniture. The Maxi size provides ample coverage and absorption capacity, making it suitable for overnight or extended use. Designed for comfort and discretion, the pad has a soft and gentle surface that feels comfortable against the skin.
