

RUBBERMAID STREAMLINE® PEDAL BIN 30L, WHITE

The Rubbermaid Streamline® Pedal Bin is a highly efficient and durable waste disposal solution designed for various environments. This pedal bin features a slim profile and small footprint, making it ideal for fitting into tight spaces like hallways, crowded walkways, and narrow office spaces. Constructed from premium-quality resin, it ensures long-lasting use without the common issues of metal bins, such as rust and sharp edges. Key features include a hands-free pedal operation that enhances hygiene and ease of use, an internal hinge design that prevents wall damage, and a quiet lid-closure mechanism that reduces noise. The bin's built-in retainer band securely holds liners in place, ensuring a neat and sanitary waste disposal experience.
