\* Available in a variety of fragrances.

Oxygen-Pro<sup>®</sup>  
POWERED

# Effective Fragrant Odour Control

All Oxygen-Pro Fragrant Odour Control Cartridges contain Neutra-lox, our proprietary odour eliminator ingredient that is extremely effective against the smell of urine, faeces, body odour, tobacco, pet malodour, kitchen odour, mold and mildew, etc.

**neutra-lox** malodour  
eliminator

Unlike other systems that only mask odours, Oxygen-Pro cartridges eliminate odours and release fragrance effectively.

## Fragrant Odour Control Cartridges (With Neutra-Lox Odour Counteractant)

**crush**

*An exotic mix of pineapple, tropical fruits and coconut.*

**tang**

*An intensely fruity perfume with hints of orange supported by warm spices.*

**adore**

*A sophisticated fragrance that combines fresh apple notes with amber and spices.*

**charm**

*A fantasy melon fragrance modified with cool green notes, a hint of citrus and a slightly floral background.*

**punch**

*A tropical sensation that blends light fresh citrus with sweet mango and sun-ripened papaya.*

**spring**

*Intense floral notes of ylang, lavandin and geranium with hints of fresh cologne and lemon.*

## Non-Fragrant Odour Control Cartridges (With Super Strength Odour Counteractant)

Non-Fragrant Odour Control Cartridges with super concentrate odour counteractant are the ideal choice for any facility that desires odour elimination with Very Low or No fragrance, such as health care facilities, hotels, etc.

Oxygen-Pro Dispenser with  
Grande cartridge

Grande Cartridge  
30/60/90Days

**neutra-lox super**  
odor eliminator

With a hint of lemongrass fragrance, this is the ideal choice for areas where high odour elimination is required with Very Low fragrance, just as an indicator.

**kleeer natural**  
odor eliminator

With no added fragrance oils and a 100% natural plant oil base as the active ingredient to neutralize a broad spectrum of odours, Kleeer Natural is the ideal choice for areas where No Fragrance is desired.

“Malodors have decreased significantly, leaving a pleasant fragrance surrounding the care home.”

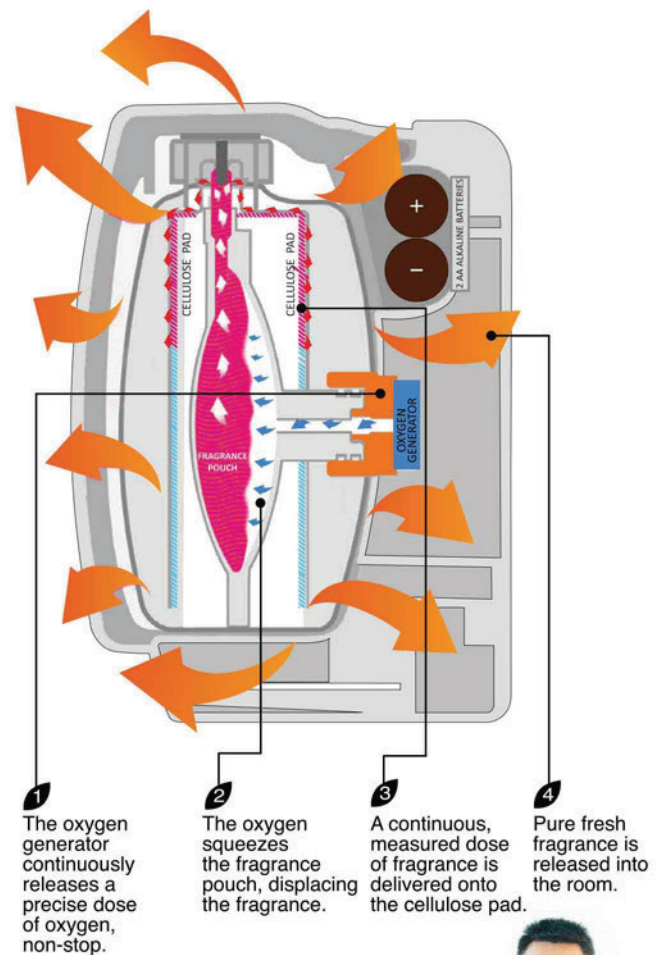

# Reliable Performance

Oxy-Gen Powered is the only technology that guarantees the delivery of fragrance in the air continuously, consistently and accurately for the entire duration of the cartridge life.

This precise technology is based on a fuel cell technology that is used in the pharmaceutical industry to deliver drugs to human beings and animals.

Oxy-Gen Powered technology is **simple, reliable and cost-effective**.

“Another great feature of the product is the management and reminder system as it alerts when the cartridge needs to be replaced. One less problem to worry about!”

## Lowest Cost-in-Use

When using the **Grande cartridge**, the dispenser can be programmed to work for 30 days, 60 days or 90 days. The cartridge contains 35 ml of pure fragrance oil, that is approximately 7 times more fragrance oil than a standard metered aerosol can. The Fragrance intensity can be changed to a strong (30 days), normal (60 days) or mild scent (90 days). **The Oxygen-Pro cartridges are available in a wide range of fragrances and are compliant with the CARB, EU, IFRA and REACH regulations.**

**Grande Cartridge 30/60/90 Days**

## Safe

With **no added solvents** and **no alcohol**, the Oxygen-Pro cartridges contain **100% pure fragrance oil** and are a safe choice for any facility. Since the cartridges are not pressurized containers, they are safe to transport and store.

## Eco-Friendly

Unlike aerosols, the Oxygen-Pro system does **not contain any CFCs, has no added VOCs or propellants**, no 'spray and fade effect' and 'no noise'.

Oxygen-Pro is Carbon Footprint approved product that has been independently assessed and verified for emissions and energy consumption, making it a reliable and eco-friendly product.

“ I know the washroom is clean, just because it smells so fresh. ”

• Malodours are eliminated • Your restroom is left with a clean, fresh scent

## Easy To Install & Service

The dispenser can be easily mounted on the wall using double-sided tape or screws. The simple push and go format ensures that it is easy to replace cartridges or batteries.

**Grande Cartridge 30/60/90 Days**

**Step 1**  
**Insert the Battery**  
OPEN THE BATTERY COMPARTMENT AND INSERT TWO AA ALKALINE BATTERIES.

**Step 2**  
**Break the cartridge seal**  
PUSH THE CAP DOWN COMPLETELY. ROTATE THE CAP CLOCKWISE FOR TWO ROTATIONS OR MORE UNTIL THE CAP ROTATES FREELY.  
Make sure the cap is fully pushed down

**Step 3**  
**Remove the wrapped paper**  
REMOVE THE PROTECTIVE WRAPPED PAPER AND DISCARD IT SAFELY.

**Step 4**  
**Insert the cartridge into the dispenser**  
PUSH THE CARTRIDGE FIRMLY INTO THE DISPENSER, UNTIL IT LOCKS INTO PLACE.

Area coverage per dispenser is 173 cubic meters or 31 square meters

“ Servicing Oxygen-Pro is so easy with no complicated programming. It takes just a few seconds to fit a new cartridge. ”
